Philomath | Engineering | AI & Content Enthusiast

Computer engineering student passionate about building impactful tech-driven products at the intersection of finance, innovation, and human behavior. Experienced in writing, SEO-based content creation, event documentation, and storytelling with 5+ published blogs and a history of public-facing communication roles. Proven track record in product development, no-code innovation, and entrepreneurship, including Smart India Hackathon and fintech MVPs. Seeking this role to apply my leadership, development, communication, and product thinking skills in the real world, to explore my capabilities.

Education

B.E. in Computer Engineering
International Institute of Information Technology, Pune
July 2023 – July 2027
Currently pursuing an online leadership course from IIM Ahmedabad.

Experience

Vice Chair: ACM Student Chapter, I²IT Pune
July 2025 – Present
- Leading chapter operations, speaker coordination, and strategic planning for technical events.
- Introduced structured documentation and clear workflows for internal team collaboration.
- Spearheading upcoming inter-college technical fest with focus on AI, cyber security, and quantum computing.
- Mentoring junior members to take initiative in content, event logistics, and peer learning.

Leadership & Hosting Roles
Jan 2024 – Present
- Hosted and anchored 10+ high-impact college events, including technical sessions (Algoarena, Quantum Computing, AI), cultural fests (Freshers, Dhruva), and entrepreneurship panels.
- Represented first-year batch on the Women's Day Leadership Panel, sharing the stage with the college president and senior leaders.
- Core member of GDG E-Cell, leading weekly peer-learning sessions and planning workshops on startups and product thinking.

Content Writer — Things2do (Freelance)
Jul 2024 – Sept 2024

- Authored 5+ SEO-optimized travel blogs using WordPress, reaching 150+ readers until today.
- Practiced keyword research, content structuring, and user engagement strategies.

Campus Ambassador — E-Cell, IIT Bombay
Jun 2025 – Present

- Promoting entrepreneurship and financial literacy via digital outreach campaigns.
- Engaging in community mentorship and event promotion across students.

Projects

- **ZenZ – Digital Wellbeing App**
  Minimalist web tool to track focus sessions, set goals, and journaling.
  Tech Stack: HTML, CSS, JavaScript (No-code deployment).
  Link: https://sohamagrawal-creator.github.io/ZenZ/

- **Netflix-Style Interactive Resume**
  Personal portfolio designed like Netflix UI to showcase projects and experience.
  Tech Stack: HTML, Tailwind CSS (No-code optimized).
  Link: https://sohamagrawal-creator.github.io/Resume/

- **Smart India Hackathon (Team Origin)**
  Built a platform to connect researchers, founders, and stakeholders with integrated IP rights, *for Gujarat Gov. innovation problem statement (2024).*

- **Startup Pitch – Fintech MVP (Runner-Up x2)**
  Led a team of four for two consecutive intra-college competitions; Worked on building student-centric payment innovation for college students.
